Telugu Badi Enrollment for 2025-26

Enrollment Process

- Please visit https://parent.dsmtelugubadi.org
- You will need to create an account to enroll your children.
    - To create an account click on the Sign Up/Login link.
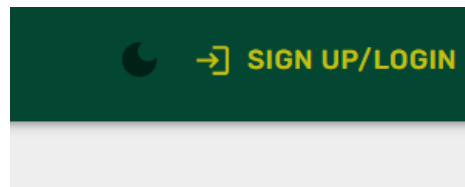

- You can either sign up using a email/pwd combination or use your Google Account to sign in.

- If you are a returning parent/student combination, please use the same credentials as you did in previous years. They have not changed.
- Once you sign in, you will see your profile. You might notice a few defaults like on the screenshot below.
  o This is because we added a few fields to the database and added defaults. We would like you to edit your profile and update the information.

  o
  o Please enter as much information as possible. The phone number may be used to create a WhatsApp group per student depending on their grade.

- - Email will also be used to communicate important information.
- Please also check the list of children in your profile. They have been carried forward if you were a previous parent using the same login.
- For each child in your profile, please edit and update the grade and add an email id to your child's record
- The email id will need to be an id that can be used for Google Classroom.
- You will need a unique email id per child.
- Once you validate and update the profile, please click the enroll button

-

-
- Select a Grade from the dropdown and click "enroll"
- You will get a confirmation popup message on the screen.
  - You will NOT get an email confirmation at this time. We are still working on that process and will update the system as soon as possible.
- You can repeat the process for other kids that you would like to enroll as well.

Fee Payment

- A PayPal invoice will be sent out manually once we receive your enrollment. It may take a couple of days before the invoice is sent to the email that was used during enrollment.
- Once your invoice is paid, you can consider your enrolment confirmed. No further confirmation will be sent.
- For now, once we receive the enrollment information, we will verify using previous year result information if applicable and send you a payment invoice from PayPal.
- We will try to consolidate invoices for multiple children from the same parent into one invoice.
- Please pay the invoice promptly so that we can confirm your enrollment.
- The fee per student is $75 for the whole year.
